

LIST OF CANDIDATES

You may only vote for **1** candidate.

Mrs Veena Bathia

I would like to be a parent Governor because I feel I can help the school with an outside perspective. I am a teacher, but also a parent meaning that I can give a balanced view on matters and then I also want to do anything I can to help the school.

Ms Nadia Gaffar

I am standing in for election as a parent Governor as I am very passionate to make a better future for all children as well as my own. I have two children who attend the school who are all in two different years, year 9 & year 8. My son who is currently in year 6 will be joining my girls at Soar Valley for a better future. My input towards the school will be very useful and unique due to my skills, knowledge, experience and being a mum hence bringing out fresh ideas. I think the school has super potential hence I would like to reach peak point. I am a confident speaker and willing to be committed to all meetings and conferences.

My background currently is undertaking a level 3 childcare course to enhance my knowledge about all types of children of various ages. My attendances and my coursework has been 100% which will reflect my future role as a parent Governor.

I have currently finished my baby massage course and I am delivering them in different centres across Leicester. As a parent I would like the school to be super successful therefore personally being involved and ultimately making a positive difference on every child's progress. I am passionate about the education all children receive, therefore with my input we can progress their future together.

Mr Kuljit Singh

I would like to be a parent Governor because I wanted to contribute towards the future of our children's and providing them with the best educational opportunities. With my experience, I can offer perspective that encompasses a broad spectrum of viewpoint, understand the structure and pastoral responsibilities within a school.

Working as travel agent for past 20 years and travel to so many countries, I have lived and worked in Kuala Lumpur, Malaysia as Early Childhood Entrepreneur for young children and has managed and contributed to the business. Besides travel agent business, I'm volunteer myself for magistrate and currently ongoing observation in court as part of the enrolment process and as a volunteer Alison Officer in Leicestershire for English Regional Transport Association (ERTA)

I currently attach with well known society in Leicester and we always work for betterment of Leicester and contribute back to the society. I strongly believe that parent Governors should be the voice for parents of our children and future generations. I can support and challenge the school's leadership team as they take responsibility and help our children to thrive and reach their full potential.
